WESTERN STATES SERVED BY BONANZA AIR LINES:  
ARIZONA • CALIFORNIA • NEVADA • UTAH

CHARTERHOUSE HOTEL

**THIS IS BONANZALAND, USA**—the four Western States of California, Arizona, Nevada and Utah served by Bonanza Air Lines. The highest and lowest points of the Continental U.S.A. indicate the diversification of topography in California. Yet there are only two seasons—pleasant and very pleasant. Arizona is made up of basins and broad valleys separated by mountains. Arizona's dry, sunny climate and numerous scenic attractions have made it a favorite vacation place. Nevada's contrast of high-desert and mountainous terrain has long periods of sunshine and low humidity. Most of Nevada enjoys mild seasons. Located in the Rocky Mountains, Utah is characterized by mountain ranges, deep canyons and desert basins. Utah has a continental climate with all but the southern valleys having snow from November through March.

Nearly one-half million square miles in area, BonanzaLand offers the visitor as varied a vacation as can be found anywhere in the world. Contact your favorite travel agent, airline or Bonanza ticket office.
